Dear Sarah,

The City of Overland Park would like to submit a Stormwater System Renewal Project request for the project described below. Please note that the project locations are in two separate watershed organizations. A separate email will be sent for other project applications. Please do not hesitate to contact me if you have any questions or concerns.

2020 Major Storm Sewer Repair (MS-1587)

This project includes the replacement of failing infrastructure in separate locations and watershed organizations within Overland Park. The existing infrastructure is not adequate to efficiently convey stormwater runoff. This project is currently in the final phase of design. Construction is anticipated to begin in the summer of 2020. A general description, divided by watershed organizations, is provided below.

Watershed Organization 1 (1-OP-2020-R-MS-1587)

- 85th & Travis Lane - approximately 300-ft of failing CMP and structures
- Frontage Rd., S. of 75th St. - approximately 1,000-ft of failing CMP and structures
- 8116 Barkley - approximately 100-ft of failing RCP and structures
- Shawnee Mission Pkwy & Lowell St. - approximately 500-ft of failing CMP and structures

Watershed Organization 2 (2-OP-2020-R-MS-1587)

- 96th Ter and Linden St. - approximately 800-ft of failing RCP and structures
- 11616 W. 108th Street. - failing inlet and undersize pipe system

Thank you very much for your consideration and I look forward to your response.

Ybairy K. Duin
