Re: 159th St. (Nall to Mission)
Overland Park, Kansas
Affinis Project No. 14-0692.01

Dear Utility Representative:

The first utility meeting for this project is scheduled for:

Monday, June 30, 2014
9:00 AM
Affinis Corp
7401 West 129th Street, Suite 110
Overland Park, Kansas

Please note this is a separate project from the 159th Street (Metcalf to Nall) project that Affinis is also working on for the City of Overland Park. Located immediately to the east of that project, this project will widen the existing two lane road to a multi-lane divided thoroughfare. Enclosed is a preliminary set of plans. These plans should not be considered ready for utility design. However, we do ask you to review these plans to assure all of your facilities are depicted.

At the meeting we will be discussing the general project schedule and preliminary discussions regarding the magnitude of your relocation work.

If you received this letter and do not have facilities in the corridor, you do not have to attend the meeting. However, please give us written confirmation that you do not have facilities and we will drop your name from future mailings.

Sincerely,

Ryan B. Fleming, PE
