The information provided in this document does not constitute a guarantee that utility facilities will be clear of construction. Estimated completion dates are dependent upon many variable (weather, material or product availability, r/w acquisition, etc). **The estimated completion date is only an estimate.** The information shown on this report are to be consistent with those shown on the final construction plans. **The final responsibility for verifying all utility owners on this project and reflected in this report lies with the Local Agencies.**

If the utilities identified on this form are not relocated prior to this submittal, it is the responsibility of the LPA to ensure that those utilities are adjusted prior to any potential conflicts with construction. Once the utilities are adjusted, an updated Form 1304 must be submitted by the LPA to the Bureau of Local Projects.
