

868 - PROJECT SIGN

868.1 DESCRIPTION

The Contractor shall manufacture and install project sign(s) on the project site in the numbers indicated on the plans. The sign shall be manufactured by a reputable, professional sign maker. Information on the sign shall be as indicated on the plans or as specified by the Project Engineer. Each sign shall be installed at a location approved by the Engineer prior to construction commencing on the project.

It is the Contractor's responsibility to maintain and update the project sign(s) as directed by the Engineer for the duration of the project.

868.2 MEASUREMENT AND PAYMENT

The Engineer will measure each project sign.

Payment for "Project Sign" at the contract unit price bid is full compensation for the specified work. Updating of the sign shall be considered subsidiary to "Project Sign".
