

871 - PROPERTY CORNERS

871.1 DESCRIPTION

This work shall be performed in accordance with Section 802 of the Standard Specifications, as amended herein.

At locations shown on the plans, the Contractor shall reestablish and reset property corners that are disturbed by construction operations under this contract. All land surveying shall be performed by land surveyors registered by the State of Kansas.

871.2 CONSTRUCTION REQUIREMENTS

The Contractor shall locate all existing property corners within the project limits prior to commencing construction. All existing property corners shall be marked and protected. Property corners anticipated to be disturbed during construction shall be located by ties and shall be reset by the Contractor at the termination of construction activities. All property surveying shall be performed by a qualified land surveyor registered in the State of Kansas.

871.3 MEASUREMENT AND PAYMENT

The Engineer will measure each property corner.

Payment for "Property Corner" at the contract unit price bid is full compensation for the specified work.
