

## 90° SPLIT SWEEPS

CRS's SPLIT SWEEPS are industry leading sweeps manufactured from CRS's SPLIT CONDUIT. They are great for 90 degree turns in the ground or for 90 degree risers coming up out of the ground. Just as with the SPLIT CONDUIT, when snapped together, the unique interlocking design of the SPLIT SWEEPS creates a smooth, tight seal protecting the cable or fiber optics from weathering.

CRS's 90° SPLIT SWEEPS are ETL listed\* and meet the standards and specifications of UL 651.

No tape, plastic, or metal straps are needed to seal or provide extra strength to the SPLIT SWEEPS.

Please note that it is necessary to use CRS SPLIT COUPLINGS and/or SPLIT ADAPTER COUPLINGS to connect the sweeps to our SPLIT CONDUIT or to standard PVC pipe.

2" Sweeps are also available in a 20" Radius and a 30" Radius. Contact us for pricing & info.

## SCH 40 24" RADIUS 90° SPLIT SWEEPS

	1" Part #	1.25" Part #	1.5" Part #	2" Part #	2.5" Part #	3" Part #	4" Part #	5" Part #	6" Part #
