201 Stainless Steel BAND-IT® Band

201 Stainless Steel BAND-IT® Band in Totes

201 Stainless Steel											
Now with EASY SCALE, a patented imprint on the band to determine band length. Eliminates costly waste and complicated measuring by allowing users to quickly and precisely roll out the length of band needed for any clamp. No more guesswork!											
<ul style="list-style-type: none"> • 201 Stainless Steel offers good resistance to oxidation and many moderate corrosive agents • Utilized in general use banding applications • Can be used with clip style buckles to create band clamps • Packaged in a standard box or a durable plastic tote for easy dispensing • Installs easily with the following tools: the Standard Banding Tool (C00189), the Heavy Duty Banding Tool (C00369), the Bantam Tool (C07569), the Bantam Strapping Tool (C08569), the Ratchet Tool (C40099), and Pok-It II Tool (J02069) 											
Does BAND-IT® offer any colored band to match the color of a decorative pole?										PDF	
Why does BAND-IT® offer the same kind of band in cardboard and tote packaging?										PDF
