Please forward this information on to other interested parties that are not listed above.

FROM: Bruce Wacker, Assistant City Traffic Engineer

RE: DuraLine HDPE Conduit

## **REMARKS:**

All 4" HDPE conduit was required to be SDR 13.5. All other conduit was schedule 40. Now KCP&L requires SDR 13.5 conduit to their utility pole. In order to keep contractors from stocking so many different types, all HDPE conduit will now be SDR 13.5. This will be a thicker wall conduit which should not collapse under load.

DuraLine has been approved earlier. This just reflects the change of new product numbers when switching to SDR 13.5.

2" – 2SDR135GRY 3" – 3SDR135GRY

Legend: 2 - 2" SDR135 - SDR 13.5 GRY - Gray
