Jerry Rogers, Sr. Traffic Control Technician
Israel Barradas, Traffic Control Technician
Jim Cannon, Construction Inspector, Sr

Please forward this information on to other interested parties that are not listed above.

FROM: Bruce Wacker, Assistant City Traffic Engineer

RE: DuraLine HDPE Service Conduit

REMARKS:

In order to meet KCP&L's new electrical service conduit requirements, I have been forced to include additional HDPE conduit material specifications. This conduit will only be used from the KCP&L power pole (or pedestal) and our traffic signal or streetlighting controllers. Schedule 40 PVC (gray) is also still an option. Otherwise, KCP&L now requires SDR 13.5 HDPE (black with red stripes).

The part numbers for the HDPE are as follows:

2" – 2SDR135BLK/RED
3" – 3SDR135BLK/RED

Legend Example:

2 = diameter

SDR135 = SDR 13.5

BLK/RED = Black with Red Stripes
