

ITSP-SSP-x Surge Suppression Panel

ITSP-SSP-4 pictured

Description

The ITSP-SSP-x Surge Suppression Panel features a compact design to better support the rear side access of all 170/2070 style cabinets. Also designed to easily attach to a standard 19" EIA rack.

The panel features power termination blocks for AC+, AC- and Ground.

Options include 1 to 6 analog video surge suppressors (x = 1 to 6).
