FROM: Bruce Wacker, Assistant City Traffic Engineer

RE: Isotec Video Detection Cable

REMARKS:

The cable is approved by Econolite for use with the Solo Terra video detection systems. The cable sample did not have identifying marks on the jacket, but Econolite will not use any other cable at this time. They have given me a letter indicating that all future deliveries will have an appropriate line code. Therefore it is approved on an interim basis until for use in the City of Overland Park.

This product will be evaluated in the future to verify the line code is on the product. The line code is supposed to be "X339313-00 16/3 SOLO TERRA XX/XX/XXXX (date)

The product number is: X3393133-00
