**FROM:** Brian Geiger, Senior Traffic Engineer

**RE:** Oldcastle Type 2 Junction Box Approval for Traffic Signals

**REMARKS:**

Over the years Oldcastle has bought out the Carson H-series junction and service boxes (date unknown), Martin Enterprises junction and service boxes (date unknown), and Highline junction in service boxes (in January 2020). These previous manufacturer lines have been consolidated into the Oldcastle Polymer line.

The new part numbers for the traffic signal boxes are:

**Type 2 Junction Box**

Body – 11182001

Lid – 11184611

Unit – 11181613

If the body and lid are ordered separately, you may also need to order stainless steel hex head bolts.
