**FROM:** Bruce Wacker, Assistant City Traffic Engineer

**RE:** Mini Pre-empt Astro-Brac Mounting Bracket

**REMARKS:**

The Mini Pre-empt Astro-Brac mounting bracket has been approved for the City of Overland Park traffic signal projects. They have been previously approved. The band mounting system has been used for several years. The change is a result of a request to move to a cable mount system instead. This serves as a change to a cable mount instead of a band mount.

The new product number is: ~~AB-0155-LL-SS-PXX~~ AB-0155-LL-PXX

L = Cable length (29" or 42")

**SS = Stainless Steel – This is now a standard and no longer needs to be specified - BLW 8/28/23**

PXX = Process Color (NC = No Color; 33 = Glossy Black; 71 = RAL6012 Green; 39 = RAL8019 Dark Bronze)
