Please forward this information on to other interested parties that are not listed above.

**FROM:** Bruce Wacker, Assistant City Traffic Engineer

**RE:** Protection Technology Group / Transector RJ-45 Data Surge Protection

**REMARKS:**

The Protection Technology Group / Transector RJ-45 Data Surge Protection has been approved for use on City of Overland Park projects for surge protection associated with CCTV cameras with Power over Ethernet.

This is a replacement for the previous protection device that is no longer being manufactured.

The Model Number is: GbE-POE  
The Part Number is: 1101-994

The spec sheet shows Rev B for the actual unit. The unit has a label with a part number 2003 2541 Rev D. This number is for the label only. And not the Surge Protector.
