

Push-Lock 2"

SKU: 1-908353

FEATURES:

- Simple, one person 'push-on' assembly lowers installation costs
- Self-locking ring design assembles in seconds; is re-enterable
- High strength molded plastic body ideal for buried duct applications
- Pre-lubricated O-ring is water and air tight suitable for both cable pulling & jetting applications

Installation is fast and easy; no heat or tools are needed. Simply push the duct ends into the coupler for a locked and air-sealed assembly. The compact profile of the PUSH-LOCK is well suited for use in pull boxes, vaults, or other limited-access areas such as narrow trenches. The non-metallic construction provides excellent corrosion resistance in buried or encased applications and also has desirable dielectric properties. The PUSH-LOCK is non-transparent and contains UV inhibitors, but is not recommend for aerial applications.
