**FROM:** Bruce Wacker, Assistant City Traffic Engineer

**RE:** Sky Bracket Traffic Sign Mast Arm Mounting Bracket

**REMARKS:**

The Sky Bracket traffic sign bracket for mast arm mounting has been approved for use on Traffic Signal projects. This now replaces standard offset brackets and steel banding for the mounting of overhead street name signs.

The part number is as follows:

SS-SBCLL-SBK-XXTK YY

Where:

SS = Stainless Steel Cable and Stainless Steel Hardware

SBC = Standard Bracket Cable mount

LL = Cable Length (66", 90", 120" or 165")

XX = Tube Length (18", 24", 46", 60", 74", 96" or 120") Use the longest that will fit on the sign and cut short if necessary

YY = Sign Mounting Channel (8", 14" or 23") Use the longest that will fit on a sign

Cable Length Guide:

66" – for mast arm diameters ranging from 2" to 7"

90" – for mast arm diameters ranging from 8" to 11"

120" – for mast arm diameters ranging from 12" to 15"
