

104 - FORCE ACCOUNT

104.1 DESCRIPTION

This work shall cover miscellaneous extra work required during the course of construction.

104.2 MEASUREMENT AND PAYMENT

Before the extra work is performed, the Contractor shall submit a proposed price in accordance with “Changes in the Work” in the General Conditions, for approval by the Engineer. Contractor shall receive written approval from the Engineer prior to commencing the proposed extra work.

The Engineer will measure each Force Account item as defined in the proposed price approved in accordance with the previous paragraph.

Payment for each Force Account item will be in accordance with this Section.

Payment for Force Account (SET) shall be paid for on an extra work basis not to exceed the contract set price.
