

Split Adapter Couplings

For joining CRS's Split Conduit to standard PVC conduit.

CRS's SPLIT ADAPTER COUPLINGS are specifically designed to connect CRS's Split Conduit to standard PVC conduit. Use of the SPLIT ADAPTER COUPLINGS makes repair quick and easy.

The SPLIT ADAPTER COUPLINGS are manufactured from UL approved PVC plastic that is specially formulated for power and communications applications.

In addition, the SPLIT ADAPTER COUPLINGS, along with CRS's Split Conduit, have superior strength and ultraviolet resistance.

CRS's SPLIT ADAPTER COUPLINGS are ETL listed* and meet the standards and specifications of UL 651.

The unique interlocking design gives the SPLIT ADAPTER COUPLINGS a tight seal with a smooth, clean finish on the inside of the pipe.

* The ETL listing does not apply to our Type C and 1 inch Sch. 40 products.
